COMMERCIAL SWIM SPA

 BY MASTER SPAS

MICHAEL PHELPS
SIGNATURE SWIM SPAS™

 BY MASTER SPAS

EXPERIENCE THE MPRX COMMERCIAL SWIM SPA

The Michael Phelps RX Swim Spa by Master Spas (MPRX) was developed with input from 23-time gold medalist Michael Phelps and his coach Bob Bowman for all types of training, swimming, fitness programs and aquatic therapy. The bold design features unique curved lines that are an integral part of its technical achievements. With a strong, smooth propeller driven propulsion system and the exclusive Xtreme Therapy™ Seat and Cove, the Michael Phelps Commercial Swim Spa is a complete aquatic exercise system that will help build your aquatic exercise, therapy programs and generate new areas of revenue.

The unit fits in a surprisingly small space, especially when compared to other aquatic exercise/swimming options, and is easily installed. It delivers the highest performance, while being the most energy-efficient swim spa on the market.

Also featured with the MPRX, is SNAPP (SwimNumber App for the iPad®), a first-of-its-kind app made exclusively for the Michael Phelps Swim Spas by Master Spas. This app allows the user to select preprogrammed or customized workouts, and then will intuitively control the speed of the water current in the swim spa at timed increments to achieve highly effective workouts.

GROW YOUR BUSINESS

The Michael Phelps RX Commercial Swim Spa is a perfect and affordable solution to introduce aquatics to your club! This will allow your existing members a fresh, new alternative to more traditional exercise and fitness routines, while attracting new members that would love to join a club with swimming or aquatic exercise.

Michael Phelps is synonymous with fitness! Not only will this brand name recognition add credibility to your club, but it also represents the quality of product made by Master Spas, the world's largest swim and fitness spa manufacturer.

EXCITE & ENGAGE YOUR MEMBERS

Swimming is widely accepted as one of the most beneficial forms of exercise — ideal for building aerobic endurance and physical strength with low impact on joints and muscles. No longer will a sports injury keep your club member home, or a person feel hampered by gravity to exercise! The water's buoyancy and controlled temperature make the Michael Phelps RX Swim Spa ideal for a variety of fitness exercises. In addition to any level of swimming, your members can jog in place against a gentle current, experience the benefits of resistance training, range of motion exercises, aquatic therapy and rehabilitation.

WORLD CLASS PERFORMANCE

The Michael Phelps RX Wave Propulsion™ Technology features a unique propeller design that provides a wide, deep, and smooth current — giving your members a swimming experience that is far superior to any other swim spa. The resistance is fully adjustable with the SwimNumber System™ allowing swimmers of varying skills to customize the flow. Convenient touchscreen controls allow you to set the water temperature where it's most comfortable. The MPRX has a large flat floor with no hidden obstacles, and hand rails are conveniently located for ease of entry/exit. Other features include an Xtreme Therapy™ Seat that is ergonomically designed to comfortably deliver the ultimate hydrotherapy massage. Likewise, the Xtreme Therapy™ Cove offers a complete therapeutic massage for the lower back, hips, thighs and calves.

Xtreme Therapy Seat

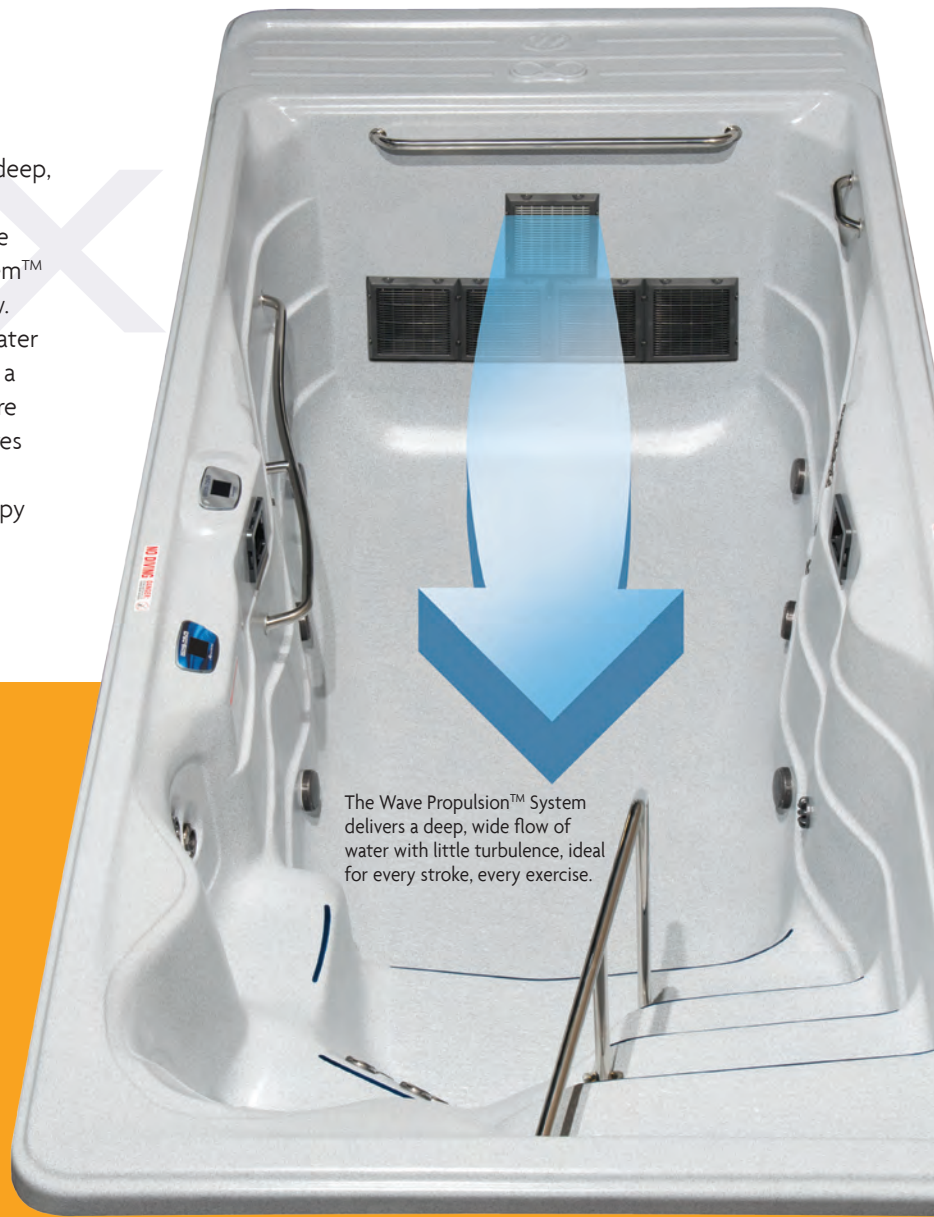

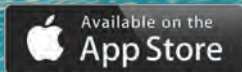

Xtreme Therapy Cove

YOUR MPRX

- Developed with input from legendary swimmer Michael Phelps and his coach, Bob Bowman
- Variable speed Wave Propulsion™ System, ideal for every level of fitness
- Easy entry steps with stainless steel handrails
- Large, flat floor allows for variety of exercises
- Energy-efficient
- First-of-its-kind app allows each user to customize their workouts

The Wave Propulsion™ System delivers a deep, wide flow of water with little turbulence, ideal for every stroke, every exercise.

SNAPP (SWIMNUMBER APP)

SNAPP was designed exclusively for Michael Phelps Swim Spas by Master Spas. This revolutionary app is easy to use, customize, and operate as it literally takes over the Wave Propulsion™ System of the swim spa and will intuitively change the speed of the water current at timed increments while the user is swimming or exercising! SNAPP enables the swim spa user to design and control custom Smart Workouts that meet their specific needs and reach their fitness goals.

SNAPP also features preprogrammed Smart Workouts and videos designed by Bob Bowman, world renowned swimming coach for 23-time gold medalist Michael Phelps, as well as aquatic fitness expert Dr. Rick McAvoy PT, DPT, CSCS. Included are workouts for swimming, jogging, fitness and therapy categories at beginner, intermediate, and advanced levels, as well as exercise workouts designed for that inner triathlete in all of us.

This new and innovative technology makes adding aquatic fitness workouts to your services instant. It's all right there, available for the iPad® on the App Store.
